We have previously informed you by telegraph that a few Baha'is, with the help of the head of the Department of Education in Khomein, are propagating falsehoods, to which you did not pay any attention. Now we are troubling you to report that Ataollah Rowhani, the [spiritual] teacher, [and] Heshmat Khanum Moshtaghi, the clerk [blank space], teacher and spiritual sister, are propagating in the Department of Education. Should [blank space] not be desired in Khomein, the public would not tolerate it, and it is quite possible that adverse events will happen to them. We request your instruction for replacing them with Muslim employees. When the head of the Department of Education of Golpaygan came [to] Khomein, [he] did not pay any attention to the legitimate request of the residents. They are completely protecting them. What should the fifty thousand people of Kamara do to four Baha'i families?

We are looking forward to your action.
