A List Is Being Prepared of the Baha'is of the Departments

According to a confidential circular, all the departments, ministries and government agencies have been instructed to provide a list of the Baha'is working in the offices with their names, identities and full addresses as soon as possible.

It is said that the government intends to make a general decision about the Baha'i employees. With this action, the government wants to satisfy the clerical authorities, since there has been some estrangement between them for a while.
